

For over 30 years, Papyrus Software has been the market leader with its standard business communication and process management software, leading implementation for more than 2000 major companies and service providers. Our success is based on our experienced professionals who excel in their dedication and commitment.

## International Software Consultant

The Italian branch of the ISIS Papyrus Group is looking for an IT Technical Consultant to join its professional team based in Ivrea (Torino).

### Key Responsibilities:

After an intensive training phase at our headquarter in Austria, the candidate will prove his ability to excel in a customer facing role and manage all phases of a project from proof of concept to go live:

- Acquire in depth knowledge of our software and solutions
- Presentation of the Papyrus System to technical and managerial audiences
- Analysis of customer requirements and environments
- Design end-to-end solutions to meet the customer needs using Papyrus products
- Configuration, installation and training at customer sites

### Your profile:

- High education, preferred: computer engineering and electronic and communications engineering
- Minimum experience of working in IT organization
- Preferred knowledge of Object-oriented programming language paradigm
- Experience in Windows/Unix environments and scripting [DOS Batch/Unix Shell /Windows Powershell]
- Base knowledge on relational databases and on SOA/REST/ /JSON for Mobile apps.
- Excellent English spoken and written
- Proven report writing, verbal and written communication and presentation skills
- Availability to travel up to 70% of working time

### We offer:

- Dynamic, open-minded and international working environment
- Innovative, leading software solution
- Personal development within the company
- Long-term employment in a profitable group
